

## Dress Code – Employees

All staff are individually responsible for their general presentation, appearance, and personal hygiene. All staff clothing should be

- Professional dress appropriate to their role
- Not likely to be viewed as offensive or revealing
- Absent of any political or discriminatory slogans

### **Exceptions**

It is recognized that there may be specific occasions where the dress code would not be appropriate e.g., outdoor/field trips and in these circumstances, guidance will be provided by school administrators.

### **Footwear**

Footwear must be safe, sensible, and in good repair. Staff should have regard to health and safety in emergency situations; they may be required to move swiftly during these situations.

### **Tattoos and Jewelry**

When tattoos are present, they must not likely be viewed as offensive to others. When they are deemed to be offensive, they must be appropriately covered.

Jewelry must be appropriate and must not be a health or safety hazard. Jewelry/piercings must be removed where they are a risk to health or safety.

### **Review**

Administrators reserve the right to interpret and monitor the staff dress code as needed.
